

RAHEEL ALI

COMPUTER SCIENCE STUDENT

CONTACT

- +923188115863
- raheellarik2019@gmail.com
- Sukkur, Sindh Pakistan

SKILLS

- Java & Python Development
- JavaScript (JS) & React.js
- Web Development
- MySQL
- Problem Solving
- Data Analysis & Visualization
- Mathematics for Computing
- Communication
- Team Collaboration
- Adaptability
- Time Management

LANGUAGES

- English
- Urdu
- Sindhi

TOOLS & TECHNOLOGIES:

- Git & GitHub
- VS Code
- MySQL Workbench

PROFILE

Computer Science student at Sukkur IBA University with solid experience in programming, web development, and data analysis. Proficient in Java, Python, JavaScript (React.js), and MySQL, with hands-on use of Git, GitHub, VS Code, and MySQL Workbench. A fast learner and strong communicator who thrives in team environments and enjoys solving real-world problems through impactful projects.

EDUCATION

Bachelor of Computer Science 2022 - Present
Sukkur IBA University

PROJECTS

Java Movie Ticket Booking System:

Developed a GUI-based movie ticket booking application using Java Swing for the interface and MySQL for backend data handling.

Python Data Analysis and Visualization Project:

Performed data analysis on real-world datasets using Python libraries such as Pandas, NumPy, and Matplotlib to generate meaningful visualizations.

Mini Web Application using React.js and JavaScript

Built a responsive web application using React.js and JavaScript, implementing features such as user input handling, dynamic content updates, and state management.

OBJECTIVE

Driven and adaptable Computer Science student with a strong foundation in programming, web development, and data analysis. Eager to gain practical experience by contributing to real-world projects, enhancing technical skills, and growing within a collaborative and learning-focused environment.
